

Canaloplasty Reimbursement Support

(866) 274-3220 • canaloplasty@trgltd.com

Who is The Reimbursement Group?

The Reimbursement Group (TRG) is a team of experienced medical coders and credentialed nurse care managers that will educate your billing staff in securing benefits for Canaloplasty services. TRG is HIPAA compliant and respects the relationship between you and your patients.

How can TRG assist with reimbursement in my practice?

TRG support services, sponsored by iScience Interventional, are available to assist you and your staff regardless if the issue is related to Medicare coverage or a private insurance group.

TRG's support services include:

- Pre-certification, prior authorization, and pre-determination services
- Claim appeal support
- Coding guidance
- Collaboration with certified medical coders for coding clarification and inquiries

What is the Canaloplasty Reimbursement Support process?

To start the support process, simply contact TRG and have the patient's medical chart available. Once contact has been made, TRG will assist your billing specialist with navigating the steps to successful reimbursement.

Step 1	Contact The Reimbursement Group.	TRG has designated a direct email address and hot line specifically for Canaloplasty: Email: canaloplasty@trgltd.com Hot Line: (866) 274-3220 Fax: (847) 929-4770
Step 2	Once a <i>Business Associate Agreement</i> has been executed, fax a completed Authorization Request Form with the patient record to TRG.	
Step 3	After reviewing the patient record, a TRG Case Manager will work together with your billing specialist in an effort to obtain reimbursement for Canaloplasty.
